Our scholarship recipient of 2004-2005, Christopher McMullen-Laird, is a music major graduate of Dartmouth College. While on a senior fellowship in Europe, he concentrated his research on

W. A. Mozart and Johann Hasse

He will give a multi-media presentation, including historical backgrounds, a summary of his visits to the archives, and a report of the 2005 Mozart Congress with musical examples.

The presentation will include excerpts of compositions by these composers, played by Christopher, and supported with visual aids.

Don't miss this opportunity to hear a presentation by a very talented young artist.

The reception will include a delicious buffet, dessert, and wine.
